

FIKRA

Technical Services

We excel in handling projects of any scale or complexity with the utmost professionalism and attention to detail.

ABOUT FIKRA,

we are dedicated to delivering exceptional quality and unparalleled customer service. Our success is rooted in our commitment to constant improvement and adaptation to the ever-changing demands of the industry. We are fully equipped to provide and implement a wide range of high-quality woodwork services, ensuring timely delivery.

Our expert team handles all aspects of design and implementation for both internal and external projects.

Utilizing the latest machines and equipment, we manufacture woodwork with the highest standards of quality and precision. With this philosophy at our core, we have become one of the leading technical service providers in the market.

FIKRA
Technical Services

WORKING WITH FIKRA,

we bring over two decades of experience to the table, coupled with an unwavering commitment to craftsmanship. Our team is adept at handling projects of any size or complexity, ensuring each detail is meticulously attended to with professionalism and precision. With cutting-edge technology and a focus on quality, we deliver high-caliber woodwork services that exceed expectations and stand the test of time.

OUR MACHINERY

Our factory is equipped with the machinery to handle any project, big or small. From CNC machines to specialized woodworking equipment, we have everything needed to deliver high-quality results efficiently and effectively.

OVERVIEW OF THE MACHINES IN OUR FACTORY

CNC Cutting Machine for Wood Panels

Utilizes precise computer-controlled cutting to create intricate designs and shapes in wood panels. (2D and 3D)

Wooden Board Sanding Machine

Smooths the surfaces of wooden panels or boards, removing imperfections and preparing them for finishing.

Wood Edge Banding Machine

Automates the process of applying a thin strip of material to the exposed edges of panels or boards, providing a polished look.

Sheet Pressing Machine

Applies pressure and heat to layers to ensure proper bonding and consolidation.

Serving clients since 2000 with a dedication to craftsmanship.
